CARGAS®

Sage Intacct Training Package

$1,240

Get new employees up to speed and turn existing employees into Sage Intacct power users with our one-day training package. Your training session will be customized to meet your company's needs and maximize each employee's use of Sage Intacct.

Popular Training Topics	• Enabling users and permissions • Using your company's modules (AR, AP, purchasing, order entry, etc.) • Making journal entries • Applying and using dimensions • Building custom dashboards and reports
Assumptions & Limitations	• One day (eight consecutive hours) of training on the Sage Intacct platform will be performed by an experienced Cargas consultant. • A training agenda will be determined by your team and Cargas at least a week prior to your appointment. Training topics will be restricted to modules already implemented at the time of agreement. • All services will be performed remotely unless on-site arrangements have been made in advance. On-site training is available and may incur an additional fee (please contact your account manager for details).

CARGAS® Sage Intacct Consulting & Optimization Package

$1,240

Get the most from your investment in Sage Intacct with our personalized consulting and optimization package. We'll dive deep into your account to make sure you're using the newest updates, features, and industry best-practices to their fullest potential. You'll walk away with our personalized recommendations about the features, functionalities, and updates your team should be using to make Sage Intacct work for you.

Popular Areas to Review	• Chart of accounts and dimensions • Cash management • Invoicing and collections • Purchasing and payments • Budgeting and projects • Fixed assets • Inventory • Financial statements
Assumptions & Limitations	• Cargas may recommend additional modules, third-party products, and/or consulting services to allow you to accomplish your goals or align with best practices. • A one-day Sage Intacct account optimization agenda will be determined by your team and Cargas at least one week prior to your appointment. • All consulting and optimization services will be performed remotely unless on-site arrangements have been made in advance. On-site services are available and may incur an additional fee (please contact your account manager for details). • Account review is restricted to modules already implemented in your account at the time of agreement.
