

# Accounting Software for Professional Sports and Clubs

A sports team is more than a sports team. It's a sales and marketing organization, a retail company, an event venue, and so much more. Now, what if you had one software that could handle the finances for all of these? Learn why professional sports organizations choose Sage Intacct implemented by Cargas.

## Why Major & Minor League Teams Choose Sage Intacct + Cargas

### Automated Revenue Recognition

As game days and events come and go, Sage Intacct handles accounting and automates revenue recognition.

### Built-In Reporting

Create and send reports across your organization in minutes—reducing time spent in Excel—and view the data you need whenever you need it.

### Cloud Support for Everyone

Sage Intacct is built for the cloud, which means you can access the software anywhere, anytime—a modern alternative to aging on-premises software.

### Multi-Entity Management

Easily manage multiple business lines, including inter-entity transactions and consolidated reporting.

### Compliant League Reporting

In addition to Sage Intacct's built-in reports, our team has extensive experience creating the custom reports you need to meet your league's specific requirements.

### A Complete, Integrated View of the Business

Sage Intacct integrates with the other tools you're using, like CRM, ticketing, point of sale, expense management, payroll, and more, to create a central data hub.

*"Our challenge was managing multiple locations and companies with complex requirements. We needed a technology partner who could help us structure our ERP so it could give us the capabilities we needed, and that's Cargas. We've been with Cargas for years and there's a level of trust there. They understand what we're all about and have helped us as our organization has grown."*

– Dir. of Finance Ops, NFL team

# Meet Cargas, **Your New Software MVP**

As a Sage partner, Cargas resells, implements, and writes integrations with Sage Intacct. Our expert consultants are CPAs and former CFOs and controllers (and your biggest fans) who understand sports accounting and how Sage Intacct can support you.

## Why You Need Cargas on Your Team

### Winning Record

We've partnered with teams in the NFL, MLB, and minor leagues, and have found the perfect combination of Sage Intacct modules and integrations for sports teams.

### Stats

Our process has helped hundreds of companies kick-start Sage Intacct. We cut one team's chart of accounts from 7,000 to 400 while increasing the quality of their reports.

### Long-term Partnership & Support

Our in-house customer support team will stay by your side to ensure that your new system runs smoothly.

### The Cargas Package for Professional Sports & Clubs

Sage Intacct financial management, including: multi-entity consolidations, game day and event revenue recognition, procure-to-pay automation, budgeting, advanced reporting, and business insights.

Integrations with your systems, including: CRM, ticketing, point-of-sale, expense management, league reporting, payroll, and more.

For details and pricing, use the QR code below to contact Cargas.

*"We were spending a lot of time moving data and keying entries into the accounting system from our other applications. Now information flows from our other systems into Sage Intacct so we can stop entering data and start analyzing it."*
